**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Ted Dengler on 3/9/2004.

2. The application has been amended as follows:

In claim 27, line 11, "arranged adjacent to said container body." has been changed to -- said indicia wall being integral with the container body. –

3. The following is an examiner's statement of reasons for allowance: In the previous Office Action, the Examiner allowed claims 29, 30, 32 and 33. The Examiner also stated that claims 3, 4, 7-9, 13 and 14 would be allowable if rewritten in independent form. Applicant has since amended the independent claim 19 to include the feature of the indicia wall being integral with said container body. Embodiments of the device which contain this feature were deemed allowable in the previous Action.

The Examiner considers the reference "Engelhardt" to be the closest prior art. Engelhardt discloses a tube with an extension on which indicia may be placed, but does not teach a tube in which the indicia wall is an integral part of the container body.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Drawings***

4. The drawings filed on 1/22/2001 are acceptable subject to correction of certain informalities. It appears applicant has submitted a sheet of Drawings (sheet number 2) which contains written notes on them. Applicant will need to submit a clean version of the Drawings to correct this. In order to avoid abandonment of this application, correction is required in reply to the Office action. The correction will not be held in abeyance.
